Fire Rages Through Village Leaving Many Homeless

An electrical short circuit on a utility pole sent sparks down on a haystack which burst into flames. The fire quickly spread and totally destroyed 25 homes in the tribal colony of Nizampatnam Village.

Several propane tanks exploded, thankfully there were no serious injuries. The villagers escaped with only the clothes on their backs. The very dry hot weather lately contributed to the fire spreading with the destruction of so many homes.

IREF responded quickly in Jesus name, bringing emergency food and cooking supplies. We would like to do more to help these poor people rebuild their simple shelters.

Please consider a special gift this month to help with our relief efforts. Often in these tragic circumstances, hearts are open to the gospel as we respond in love and mercy.
